Signature of a Timesheet shall constitute a binding acceptance that the relevant personnel has/have worked to the hours recorded by the Timesheet and that the service has been satisfactorily provided

WE DRAW YOUR ATTENTION TO THE FOLLOWING FROM OUR TERMS AND CONDITIONS - In the event that within the period of 6 months following any personnel ceasing to be supplied by the Company to the Client, such personnel is/are employed directly by the Client, by any company or business associated with the Client or by any company or business to whom the personnel was/were introduced by the Client, the Client shall be liable to pay the Company an introduction fee equivalent to that which would have been payable under these conditions had such individual(s) been introduced to the Client as a permanent employee. Such fee will be payable forthwith upon the engagement by the Client of such individuals. The Client hereby warrants that it has a current insurance policy covering all usual insurable risks in relation to the running of a site, including but not limited to insurances covering public liability, employers liability, accidents at work and claims which may be made against the company in relation to the service.
